- The main demonstration was scheduled for the 29th and 30th of January and several truck operators returned home however there remains a large contingent of operators congesting many streets in the downtown core.
- These truckers vow to remain in place until Covid mandates are lifted across the entire country.

- The only impacts the demonstrators have actually had, is on local residents and businesses.
- While organizers and participants advise that the demonstration is peaceful, there have been a number of issues reported in the media and to the police .

- Police officers will be assigned to the downtown core in an attempt to end all unlawful behaviour by the protesters or any other person engaged in illegal activities.
- As enforcement activities increase, there is the possibility that the protesters will migrate away from the area of operations in this plan.
